Blown to Atoms.

The old idea that the body some-
times needs a powerful, drastic,
purgative pill has been exploded;
for Dr. King's New Life Pills, which
are perfectly harmless, gently stim-
ulate liver and bowels to expel
poisonous matter, cleanse the sys-
tem and absolutely cure constipa-
tion and sick headach. Only 25c

S. S. Combs & Son, Campton.

Getting Thin

is all right, if you are too fat;
and all wrong, if too thin already.

Fat, enough for your habit, is
healthy; a little more, or less, is
no great harm. Too fat, consult
a doctor; too thin, persistently
thin, no matter what cause, take
Scott's Emulsion of Cod Liver
Oil.

There are many causes of get-
ting too thin; they all come
under these two heads: over-
work and under-digestion.

Stop over-work, if you can;
but, whether you can or not,
take Scott's Emulsion of Cod
Liver Oil, to balance yourself
with your work. You can't live
on it—true—but, by it, you
can. There's a limit, however;
you'll pay for it.

Scott's Emulsion of Cod Liver
Oil is the readiest cure for
"can't eat," unless it comes of
your doing no work—you can't
long be well and strong, without
some sort of activity.

The genuine has
this picture on it,
take no other.
If you have not
tried it, send for
free sample, its a-
greeable taste will
surprise you.

The Weather Calendar That Predicted the Galveston Storm.

One of the best calendars of the
season is the "Cardui Weather
Chart and Calendar for 1901,"
published by the Chattanooga Medi-
cine Co., manufacturers of McEl-
ree's Wine of Cardui and Theod-
or's Black Draught. THE HER-
ALD office has just received one
from the publishers, which consists
of 12 sheets of paper, 13x20 inches
in size, all fastened together with
a gilt tin strip and a brass loop
hanger. Each strip contains the
calendar for each month in large
figures that can be read across any
room. Under the figures patent
weather signals indicating Prof.
Devoe's weather forecasts for every
day in the year appear. This is
the calendar that accurately pre-
dicted the Galveston storm a year
before it occurred. We understand
a few copies of it can be secured
by sending 10 one-cent postage
stamps to the Chattanooga Medi-
cine Co., Chattanooga, Tenn.

Some two months ago H. F. Pier-
att lost a bundle containing a
brown cloth overcoat, two suits of
underwear, necktie, &c., between
High Falls and the residence of
Granville Evans. The finder will
be liberally rewarded by leaving
the bundle at H. F. Pieratt's store
or this office.

Dr. Taulbee was called to the
bedside of a Mr. Clem in Breathitt
county, who it is reported has be-
come insane.

Must Go Back to Cuba for Trial.

The United States Supreme Court
on the 14th inst., rendered a de-
cision in the Neely extradition case.
The court held that Neely was sub-
ject to extradition, and must be
surrendered to the Cuban author-
ities.

And the court also further held
that Cuba is foreign territory, our
only purpose in the war with Spain
being to free the Cubans from
Spanish domination. The decision
was based upon the act of June
6, 1890, which act was held to be
constitutional.

As soon as the war department
is officially informed of the de-
cision of the Supreme Court sustain-
ing its contention in the case of
C. F. Neely, charged with postal
frauds in Cuba, steps will be taken
to secure the prisoner's removal
to Havana for trial. Neely is now
in custody in the Ludlow-street
jail, New York, pending the hear-
ing of civil proceedings against
him on the charge of having
brought stolen goods into the state.

Judicial steps will be instigated
to quash the various proceedings
and secure the transfer of the pris-
oner to the custody of Wm. Hinkle,
of New York, who has been ap-
pointed the agent of the military
governor, to receive the prisoner
when surrendered by the United
States government under the ap-
plication for extradition.

When all the necessary prelimi-
naries have been arranged, Neely
will be surrendered to Agent Hinkle
and placed on a United States
transport and taken to Havana. It
is said that the United States au-
thorities desire to have the trial
of Neely precede the hearing of the
case of Rathbone, who is charged
with complicity in the same trans-
actions.

The Light of the World,

OUR SAVIOUR IN ART.

COST NEARLY \$100,000 TO PRO-
DUCE. Contains nearly 100 full-
page engravings of our Savior and
His Mother by the world's greatest painters.
True copies of the greatest Masterpieces in
the art galleries of Europe. Every picture
is as beautiful as a sunrise over the hills.
Contains description of the paintings, bio-
graphy of the painters, the names and loca-
tions of the galleries in Europe where the
originals may be seen. Also contains a
Child's Department, including a Child's
Story of the Christ and His Mother, beau-
tifully written, to fit each picture. This won-
derful book, matchless in its purity and
beauty, appeals to every mother's heart and
in every Christian home where there are
children the book sells itself. Christian
men and women are making money rapidly
taking orders. A Christian man or woman
can in this community soon make \$1,000
taking orders for Christmas presents. Mrs.
Waite, our agent in Massachusetts, has sold
over \$3,000 worth of the books in a very
short time. Mrs. Sackett, our agent in New
York, has sold over \$1,500 worth of the
books in a very short time. The book is
printed on velvet-finished paper, beautifully
bound in Cardinal Red and Gold, and ad-
orned with Golden Roses and Lilies. It is,
without doubt, the most beautiful book of
this century. Write for terms quickly and
get the management of that territory. You
can work on salary or commission, and
when you prove your success we will pro-
mote you to the position of Manager and
Correspondent, at a permanent salary, to de-
vote your time to attending to agents and
the correspondence. Wanted also a State

THE HERALD.

SPENCER COOPER, : : : Editor.

HAZEL GREEN, KY.

THURSDAY, January 17, 1901.

ANNOUNCEMENTS.

For Representative—91st District.

CECIL—We are authorized to announce JAMES B. CECIL, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to the action of the Democratic party.

MORRIS—We are authorized to announce J. P. MORRIS, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to action of the Democratic party.

GREAT BRITAIN has at last offered through General Kitchener, not to do various awful things to the Boers if they will surrender and be good. But, to the amazement of the Britishers, the Boers apparently don't care to be forgiven. Nothing seems to be left for Britain to do now except to prepare to welcome Kitchener when he is recalled from Africa as Roberts was recalled before him.

THE fact is now generally admitted that Great Britain intends to accept the amended Canal treaty practically as submitted to it, despite Mr. Hay's tremendous efforts to excite prejudice against it on that side of the water. Great Britain is thoroughly satisfied that half a loaf is better than no bread and doesn't care much for Mr. Hay's mortified feelings.

If army officers continue to receive bribes the country will soon begin to question the honesty of the army as a class. But if Capt. King's case is held up as Capt. Carter's, Neely's and Rathbone's have been, the country will begin to question the honesty of the administration itself.

THE army staff is fighting desperately to retain its powers. For years it has blocked all reform measures. Its ridiculous organization was directly responsible for the suffering in the Spanish war. This week will probably decide whether it can win again or not.

THE Washington Telephone Co., threatened with competition which requires a congressional charter, has made a fictitious reduction of rates and put free telephones in the houses of the senators. Hence, the senate has hung up the new telephone bill.

THE reciprocity treaties, so carefully negotiated by Mr. McKinley's commissioner, are said to be doomed to failure. As a matter of fact, they never did have any chance. They were a bluff intended to fool the country and they succeeded very well in their object.

No, Anxious Reader, there is no danger of the country suffering from the locking up of an enormous surplus in the treasury. The G. O. P. will take care to dissipate any surplus that may be on hand.

SECRETARY ROOT is wise in refusing the Lawshe report to the senate. It would probably show how badly the public has been skinned by the chosen friends of McKinley, Hanna, et al, and that would never do.

ARBITRATION is all right between two powerful nations, but it doesn't seem to work between the weak and the strong. The wolf does not arbitrate with the lamb, the Briton with the Boer, nor the allies with John Chinaman.

MR. TESLA says that he expects to learn how to communicate with Mars sooner or later. Several times before, however, Mr. Tesla has found himself unable to communicate with results.

Oh, of course, the river and harbor bill ought to be pruned down, but the pruning ought to be done in some other state than this.

HAZING, of course, is one of the best known methods of producing rugged health in boys. If they survive it, they can survive anything.

The old idea that the body some-
times needs a powerful, drastic,
purgative pill has been exploded;
for Dr. King's New Life Pills, which
are perfectly harmless, gently stim-
ulate liver and bowels to expel
poisonous matter, cleanse the sys-
tem and absolutely cure constipa-
tion and sick headach. Only 25c

Getting Thin

is all right, if you are too fat;
and all wrong, if too thin already.

Fat, enough for your habit, is
healthy; a little more, or less, is
no great harm. Too fat, consult
a doctor; too thin, persistently
thin, no matter what cause, take
Scott's Emulsion of Cod Liver
Oil.

There are many causes of get-
ting too thin; they all come
under these two heads: over-
work and under-digestion.

Stop over-work, if you can;
but, whether you can or not,
take Scott's Emulsion of Cod
Liver Oil, to balance yourself
with your work. You can't live
on it—true—but, by it, you
can. There's a limit, however;
you'll pay for it.

Scott's Emulsion of Cod Liver
Oil is the readiest cure for
"can't eat," unless it comes of
your doing no work—you can't
long be well and strong, without
some sort of activity.

The genuine has
this picture on it,
take no other.
If you have not
tried it, send for
free sample, its a-
greeable taste will
surprise you.

The Weather Calendar That Predicted the
Galveston Storm.

One of the best calendars of the
season is the "Cardui Weather
Chart and Calendar for 1901,"
published by the Chattanooga Medi-
cine Co., manufacturers of McEl-
ree's Wine of Cardui and Theod-
or's Black Draught. THE HER-
ALD office has just received one
from the publishers, which consists
of 12 sheets of paper, 13x20 inches
in size, all fastened together with
a gilt tin strip and a brass loop
hanger. Each strip contains the
calendar for each month in large
figures that can be read across any
room. Under the figures patent
weather signals indicating Prof.
Devoe's weather forecasts for every
day in the year appear. This is
the calendar that accurately pre-
dicted the Galveston storm a year
before it occurred. We understand
a few copies of it can be secured
by sending 10 one-cent postage
stamps to the Chattanooga Medi-
cine Co., Chattanooga, Tenn.

Some two months ago H. F. Pier-
att lost a bundle containing a
brown cloth overcoat, two suits of
underwear, necktie, &c., between
High Falls and the residence of
Granville Evans. The finder will
be liberally rewarded by leaving
the bundle at H. F. Pieratt's store
or this office.

Must Go Back to Cuba for Trial.

The United States Supreme Court
on the 14th inst., rendered a de-
cision in the Neely extradition case.
The court held that Neely was sub-
ject to extradition, and must be
surrendered to the Cuban author-
ities.

And the court also further held
that Cuba is foreign territory, our
only purpose in the war with Spain
being to free the Cubans from
Spanish domination. The decision
was based upon the act of June
6, 1890, which act was held to be
constitutional.

As soon as the war department
is officially informed of the deci-
sion of the Supreme Court sustain-
ing its contention in the case of
C. F. Neely, charged with postal
frauds in Cuba, steps will be taken
to secure the prisoner's removal
to Havana for trial. Neely is now
in custody in the Ludlow-street
jail, New York, pending the hear-
ing of civil proceedings against
him on the charge of having
brought stolen goods into the state.

Judicial steps will be instigated
to quash the various proceedings
and secure the transfer of the pris-
oner to the custody of Wm. Hinkle,
of New York, who has been ap-
pointed the agent of the military
governor, to receive the prisoner
when surrendered by the United
States government under the ap-
plication for extradition.

When all the necessary prelimi-
naries have been arranged, Neely
will be surrendered to Agent Hinkle
and placed on a United States
transport and taken to Havana. It
is said that the United States au-
thorities desire to have the trial
of Neely precede the hearing of the
case of Rathbone, who is charged
with complicity in the same trans-
actions.

HAZEL GREEN, KY.

THURSDAY, January 17, 1901.

ANNOUNCEMENTS.

For Representative—91st District.

CECIL—We are authorized to announce JAMES B. CECIL, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to the action of the Democratic party.

MORRIS—We are authorized to announce J. P. MORRIS, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to action of the Democratic party.

GREAT BRITAIN has at last offered through General Kitchener, not to do various awful things to the Boers if they will surrender and be good. But, to the amazement of the Britishers, the Boers apparently don't care to be forgiven. Nothing seems to be left for Britain to do now except to prepare to welcome Kitchener when he is recalled from Africa as Roberts was recalled before him.

THE fact is now generally admitted that Great Britain intends to accept the amended Canal treaty practically as submitted to it, despite Mr. Hay's tremendous efforts to excite prejudice against it on that side of the water. Great Britain is thoroughly satisfied that half a loaf is better than no bread and doesn't care much for Mr. Hay's mortified feelings.

If army officers continue to receive bribes the country will soon begin to question the honesty of the army as a class. But if Capt. King's case is held up as Capt. Carter's, Neely's and Rathbone's have been, the country will begin to question the honesty of the administration itself.

THE army staff is fighting desperately to retain its powers. For years it has blocked all reform measures. Its ridiculous organization was directly responsible for the suffering in the Spanish war. This week will probably decide whether it can win again or not.

THE Washington Telephone Co., threatened with competition which requires a congressional charter, has made a fictitious reduction of rates and put free telephones in the houses of the senators. Hence, the senate has hung up the new telephone bill.

THE reciprocity treaties, so carefully negotiated by Mr. McKinley's commissioner, are said to be doomed to failure. As a matter of fact, they never did have any chance. They were a bluff intended to fool the country and they succeeded very well in their object.

No, Anxious Reader, there is no danger of the country suffering from the locking up of an enormous surplus in the treasury. The G. O. P. will take care to dissipate any surplus that may be on hand.

SECRETARY ROOT is wise in refusing the Lawshe report to the senate. It would probably show how badly the public has been skinned by the chosen friends of McKinley, Hanna, et al, and that would never do.

ARBITRATION is all right between two powerful nations, but it doesn't seem to work between the weak and the strong. The wolf does not arbitrate with the lamb, the Briton with the Boer, nor the allies with John Chinaman.

MR. TESLA says that he expects to learn how to communicate with Mars sooner or later. Several times before, however, Mr. Tesla has found himself unable to communicate with results.

Oh, of course, the river and harbor bill ought to be pruned down, but the pruning ought to be done in some other state than this.

HAZING, of course, is one of the best known methods of producing rugged health in boys. If they survive it, they can survive anything.
